HOT REPORT — Antigua v. The Hollywood Media Cartel

In the High Court of Antigua & Barbuda, case **ANUHCV2025/0149** ("Antigua & Barbuda v. The Hollywood Media Cartel"), sworn declarations and exhibits allege a repeatable system: **recruitment & grooming drugging videotaped rapes blackmail & IP theft hand-offs to moguls legal/medical suppression**. Parallel filings in London and Maryland describe overlapping actors and tactics. This report presents those allegations as reflected in the filings.

The Pattern Alleged (per sworn filings/exhibits)

- **Recruitment & Grooming:** Intake via MTV/Viacom/Paramount under executive pipelines.
- **Drugging & Assaults:** Accounts of GHB "cocktails," unconsciousness, injuries.
- **Videotaping & Blackmail:** Assaults allegedly filmed by insiders (including an attorney) and used to coerce silence and seize IP.
- **Escalation:** "Broken-in" victims purportedly passed up the chain to senior moguls.
- **Suppression:** One-way discovery, injunctions/gagging, contempt jailing; UCLA-linked psychiatric holds (5150) and hypnosis described as hallmark methods.

Pre-Sentencing Statement: Rovier Carrington (Full Text)

The following is a verbatim first-person statement recorded by Rovier Carrington on February 10, 2023, outside the New York courthouse. It reflects his own words and allegations.

“I’m Ro Carrington. Um, today is February 10th, 2023. I’m currently in New York. Courthouse is down there. Today, I have to go to court and appear in front of C, I’m sorry, um, Judge Caproni.

I have to read this paper in court claiming that I filed a false affidavit knowingly that I made false statements um backing emails used in my amended complaint when in reality my emails were deleted by the defense council. Well, mostly the head defense council, Larry Stein, and his client, Brian Graden, who is my ex business partner and um forced romance, romantic boyfriend, if you will. I came forward with sexual abuse allegations against multiple Hollywood executives under Paramount as Paramount runs a sex ring and for a small selective group of males. Some of us get passed around unknowingly to all of these executives and some of us go on to live great lives with these people and others back away from this lifestyle when we realize what’s going on. We’re young, we’re drugged, we’re recorded. These videos are used to hurt us, to keep us silent and keep us in intact with the people who we’re involved with.

I came forward. Um, emails were used in my amended complaint. Um, I had no involvement with my amended complaint being filed. I’ve never authorized any emails to be used. My emails were never false. My emails were deleted from my account by Brian Graden who had my password. My attorneys knew this. There is multiple um reachouts to them in text and phone calls way before the Dominican plate was filed that my accounts were being accessed by Brian. We discovered emails were deleted. My attorney still chose to submit those emails. And there is a court transcript where Judge Katherine Poke Fila is yelling at my attorneys for not telling her that my emails that I have raised the issue that my emails were deleted from my account months before they decided to tell her.

Um but all of a sudden as soon as I fired them, Judge Kraken Profilia went against federal procedure allowing a defendants to illegally intercept my data during a subpoena where FTI was supposed to be the only person to retrieve my data in order to see if anything could be retrieved or who to see if there was a IP address for who was the person to delete my emails. None of that information was available. So FTI did clear 50% of my data. The other 50% was illegally intercepted by Larry Stein who falsified it. Larry Stein threatened my attorneys, multiple attorneys to quit my cases. He bribed my attorneys to quit my cases. Some of them did accept a bribe. This man told me if I continue to talk and reveal what he and his client Brian Raiden did to me sexually on camera after drugging me and raping me and if I was to keep telling the story that they would make sure I went to jail.

I filed a lawsuit in California against the defense council and the judge for fraud as they committed fraud in the original case and the judge and the defense council threatened me and my attorney to dismiss the case against them. I’d be put in jail and fined \$5,000 a day. Next thing you know, I dismissed my case after the judge submitted uh um basically told the marshalss, the US marshalss to

remove me from my house with physical force if I didn't dismiss my case against her, which I ended up doing, only to find out the month prior to me dismissing, she had the US attorney's office working on a perjury case against me to silence me forever.

Now I'm being forced into a plea as and say all these things in court as the actual evidence that clears me and shows the setup will not be admitted into court because judge crack and proof biia is friends with judge caproni if not colleagues both admitted in by Obama in 2014.

So now I'm about to go on record and say that I submitted false evidence in order to make all this go away when none of this is true. It's a hard day for me to have to lie to get out of truth because I chose to speak up against my sexual abusers. And now my life is ruined and these people are continuously harming other younger men while I'm sitting here about to walk into a courtroom and plea and all this awful press will follow with people thinking I lied about sexual abuse and I would never do anything like that. But the government made it very hard for me and forced me into a plea by ... many things actually. You get the point. You get the point."

**"They raped me when I was 17 —
abused me over and over for years —
then jailed me when I spoke up."**

— Rovier Carrington, sworn testimony & pre-sentencing statement

Dynasties, Media & Enforcers (as alleged)

The filings describe a **Legal-Media Cartel** linking executive dynasties and enforcers: corporate leadership; law-firm fixers; medical "gatekeepers" around UCLA; and trade/tabloid channels that shape public narrative. Demonstrations have been held outside the *Daily Mail* offices, with organizers alleging whitewash and victim smearing.

5150, Hypnosis & the Medical Lever

Carrington attests he was **hypnotized twice by UCLA-affiliated doctors**. Other witnesses describe similar sessions: hypnosis or heavy sedation used to cloud memory and create a paper trail of "instability." Shockya's continuing series examines UCLA-linked figures and the alleged **5150 suppression pipeline**.

LimeWire, CNET/Download.com & Ongoing Risk (per filings)

Judge Kimba Wood ordered LimeWire shuttered in 2010. Filings assert the network’s spirit persisted via distribution ecosystems (e.g., CNET/Download.com), allowing illicit material — including CSAM — to proliferate while enforcement focused elsewhere. Names associated over time with Napster/LimeWire/platform distribution appear in the broader narrative as part of a **digital arm** of the enterprise. (This paragraph reports allegations from filings; the 2010 order itself is public record.)

Global Posture & Defaults

- **Antigua (ANUHCV2025/0149):** Sovereign case consolidating declarations, digital exhibits, and cross-border history.
- **London (KB-2025-001991):** First-wave filings note procedural defaults for certain respondents; records cross-referenced in Antigua submissions.
- **Maryland (Federal RICO):** Parallel posture in U.S. proceedings; filings reference allied officials and investigators supporting review.
