WITNESS STATEMENT OF
ALKIVIADES ANDREW DAVID
SINALOA DRUG TRAFFICKING CARTEL — EVIDENCE PRESERVATION & NOTICE

Dated: 19 August 2026

I, Alkiviades Andrew David, make this Witness Statement for the urgent attention of Judge Jordan in Dallas. I am a severely disabled litigant in person (traumatic brain injury / permanent neurological impairment). I make this statement from matters within my own knowledge and from information and documents available to me. Where I refer to allegations or information supplied by others, I identify that distinction.

Allegations in this statement are raised for evidence preservation and independent examination only. They are not advanced as established findings of fact. I do not ask the Court to make findings of criminality on assertion alone.

1. PURPOSE

1.1 This statement is made to place before Judge Jordan, as a matter of urgency, serious allegations concerning the **Sinaloa Drug Trafficking Cartel** and related organised crime networks, and to request that all relevant original evidence be preserved.

1.2 Parallel material has also been presented / is being presented to the Criminal Investigation Department (CID) of the Royal Police Force of Antigua and Barbuda and to Interpol for independent investigation.

2. SINALOA DRUG TRAFFICKING CARTEL — CORE ALLEGATIONS

2.1 I allege that the **Sinaloa Drug Trafficking Cartel** has established operational reach into Antigua & Barbuda and has perversely taken control of significant parts of the Hollywood media monopoly.

2.2 I allege that the media bubble of extortion and manipulation of the public's consciousness is now controlled by the Sinaloa Cartel. I further allege that this takeover of the media monopoly has its roots in the 1999 merger with Vivendi and involves Mexican, Italian, Greek and Swiss organised crime ("Mob") networks operating in concert with Sinaloa Cartel interests.

2.3 I allege that the following individuals and entities are connected to, or operate on behalf of, Sinaloa Cartel interests:

- Danny Kapon Snr (described to me as a member of the Sinaloa Cartel)
- Desiree Perez (alleged Sinaloa Cartel member)
- Sean Combs (Diddy) and the Roc Nation pathway
- John Branca (alleged coordinator of Sinaloa interests)
- Daphne Barak and Jonathan Hay
- Joseph Chora ("The Executioner")
- Ruben Valdez
- Dani Peretz
- and others identified in my supporting evidence.

2.4 I allege that this network has been responsible for serious violence and criminality, including the politically motivated murder of Asot Michael in Antigua, coordinated stalking, threats and chemical attacks against me and other victims, and the extraction of very large sums of money from the Michael Jackson estate, Adidas, the David family and Harmonia Trust assets.

2.5 I further allege that intellectual property associated with the Harmonia Trust (including Sub-Trust D interests) and my hologram intellectual property was taken or interfered with by John Branca and Sean Combs prior to related proceedings.

3. THE KAPON ACCOUNT

3.1 I have received information directly from Daniel Kapon and Susie Kapon (the “Kapon account”). Their father, Danny Kapon Snr, is described to me as a member of the Sinaloa Cartel who works with Anthony B. Pellicano.

3.2 I personally recall an interaction with Anthony B. Pellicano in which he stated to me that, for \$30,000 per month, “all those would go away.” I identify that as a matter within my own recollection.

3.3 I ask that the underlying Kapon witness accounts and related documentary material be preserved for independent examination.

4. EVIDENCE PRESERVATION REQUEST

4.1 I respectfully request that all relevant original documentary and electronic evidence be preserved in its original form, including metadata and chain of custody, and that it not be destroyed, overwritten, altered or rendered unavailable.

4.2 This includes the Kapon account, Harmonia Trust and hologram IP material, electronic communications, and all materials previously identified in my evidence bundles and filings.

5. DISABILITY STATUS

5.1 I am a severely disabled litigant in person with a traumatic brain injury resulting in permanent neurological impairment affecting processing speed, memory, organisation, executive function, fatigue and concentration. The report of Dr Flavian Naclad is available. I seek fair participation and reasonable procedural adjustments. I have not refused to participate in any proceedings.

6. REQUEST TO JUDGE JORDAN

6.1 I respectfully ask Judge Jordan to:

- (a) take note of the serious allegations concerning the Sinaloa Drug Trafficking Cartel set out above;
- (b) direct that all relevant original evidence be preserved;
- (c) note that parallel material is being placed before the CID in Antigua and Interpol for independent investigation;
- (d) distinguish between allegation and established fact, and between disability-related difficulty and deliberate non-compliance;
- (e) make such further directions as the Court considers just for the preservation of evidence and the protection of the record.

7. CONCLUSION

7.1 I recognise the seriousness of the allegations raised. I do not ask the Court to treat them as proven. My immediate concern is that the underlying evidence is preserved so that competent authorities, including this Court where appropriate, can examine it independently and fairly.

7.2 I remain ready to provide further clarification or additional material as directed.

STATEMENT OF TRUTH

I believe that the facts stated in this Witness Statement are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.
