**PLAINTIFF'S NOTICE OF FILING EXHIBIT A - SDNY LETTER-MOTION EXPRESSLY
NAMING JUDGE JORDAN AND MAGISTRATE JUDGE BILL DAVIS**

Dated: July 16, 2026

Plaintiff Alkiviades Andrew David IV, proceeding pro se, respectfully files the attached Southern District of New York letter-motion as **Exhibit A** to document the parallel proceeding and the notice stated on the face of that filing.

The attached letter states:

“I have informed Judge Jordan and Magistrate Judge Bill Davis (who hold a sovereign order in the Williams matter in the Eastern District of Texas, Dallas Division), Prime Minister Gaston Browne, the U.S. Department of Justice, and U.K. authorities. Judicial misconduct complaints have been filed, notice of which appears on this docket.”

This exhibit is submitted because Magistrate Judge Bill Davis is expressly identified in the underlying letter as a judicial officer who had been informed of the related matters. Plaintiff submits the exhibit to preserve the procedural record and to show the notice represented in the SDNY filing. Plaintiff does not ask the Court, merely by accepting this exhibit, to treat disputed factual allegations within the attached filing as adjudicated facts.

The attached filing is titled *Interested Party Alkiviades Andrew David IV's Letter-Motion for Leave to File Limited Notice, in In re Application of Yulia Guryeva-Motlokhov*, Case No. 1:25-mc-00098-JMF (S.D.N.Y.), dated July 16, 2026.

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK**

**In re Application of Yulia Guryeva-Motlokhov
Case No. 1:25-mc-00098-JMF**

**INTERESTED PARTY ALKIVIADES ANDREW DAVID IV'S LETTER-MOTION FOR LEAVE TO
FILE LIMITED NOTICE**

Interested Party Alkiviades Andrew David IV respectfully seeks leave to file this narrowly limited notice concerning grave threats to the sovereignty of Antigua and Barbuda, the murder investigation of the Honourable Asot Michael, parallel proceedings, civil fraud on the court, docket integrity, and the appearance of partiality.

This Section 1782 proceeding is being used to obtain discovery against a sovereign nation. I have filed High Court Claim No. ANUHCV2026/0284 against Attorney General Steadroy Benjamin in Antigua. That accepted complaint is directly tied to the preservation and evidentiary examination of the killing of the Honourable Asot Michael. Submissions to Antigua's CID identify a legal-media influence pathway involving Daphne Barak, Boies Schiller-related actors, YILPORT/Yildirim interests, Alfa Nero, and alleged court-record manipulation. These are presented as investigative leads requiring urgent independent verification.

I have informed Judge Jordan and Magistrate Judge Bill Davis (who hold a sovereign order in the Williams matter in the Eastern District of Texas, Dallas Division), Prime Minister Gaston Browne, the U.S. Department of Justice, and U.K. authorities. Judicial misconduct complaints have been filed, notice of which appears on this docket.

Mr. David raises serious concerns regarding Boies Schiller Flexner LLP's positioning of Yildirim/Yilports interests. Investigator John Quirk's February 8, 2022 asset compilation identifies 6300 Wilshire Boulevard - property associated with Gloria Allred - as housing the Turkish Consulate. Mr. Quirk personally delivered the report to me and died in Turkey approximately one month later under circumstances Mr. David considers suspicious. Former Congressman Curt Weldon is prepared to corroborate. Jason Furman (Judge Jesse Furman's brother) has documented links to John Branca, who connects to Attorney General Steadroy Benjamin. The Court has removed evidence from the docket that exposed these connections. Combined with Judge Furman's prior evidentiary rulings in favor of Gloria Allred in the Harvey Weinstein case, these circumstances create a troubling appearance of partiality under 28 U.S.C. § 455.

Mr. David respectfully requests leave to file a limited notice seeking:

1. Judicial notice of Claim No. ANUHCV2026/0284 and the Asot Michael homicide investigation;
2. Immediate preservation of all communications, ESI, funding records, and evidence, including Yildirim/Yilports and Quirk materials;
3. Full disclosure of relationships relevant to recusal and impartiality, including connections involving Jason Furman, John Branca, Gloria Allred, and Steadroy Benjamin;
4. Protection of Antigua and Barbuda's sovereign processes and the Asot Michael investigation; and
5. Preservation of the full record for appellate, judicial conduct, and governmental review.

Any restriction or striking of this filing must be accompanied by a written order mandating complete preservation of the submission, exhibits, and metadata.

Respectfully submitted,

Alkiviades Andrew David IV
